LETTER TO FELLOW SHAREHOLDERS

Dear Fellow Shareholders,

I am pleased to provide you detailed information on the performance of our Company for the financial year April 2011 through March 2012.

Financial Highlights:

CyberTech performed well in this financial year seeing a growth in both the total revenue and net profits for the company. For the year ending March 31, 2012, we achieved consolidated revenue of ₹ 573 million and net profit of ₹ 48 million. The consolidated top line revenue growth (+24%) and profit 243% compare positively to last fiscal year's (ending March 2011) of ₹ 463 million revenue and ₹14 million profit respectively. On a standalone basis, our revenue from operations has seen an increase to ₹ 257 million from ₹ 168 million (March 11) representing a 53% increase in Indian Company revenues. On a standalone basis, our net profit was ₹ 51 million versus prior year's ₹ 48 million.

Market conditions:

The year ending March 31, 2012 has seen modest rebound in the in the US business conditions. While the largest of the US companies have seen a full rebound of their revenues and profits, growth has been more muted in the mid tier and small business segments of the market. Majority of the company's revenues are generated in the United States and the slowdown of the US business conditions had adversely affected our performance in the prior 2 years. I am pleased to report that we have seen a rebound in our overall business. While the brunt of the US slow down occurred during the fiscal year ending March 2010, the Euro-zone continues to be in the eye of the storm. Europe has always been a lagging indicator of the overall market conditions, but majority of the clients of CyberTech tend to be mid-tier firms (\$1-\$4M range) and have significant European exposure. As I write this letter, I see belt tightening once again in the US with grave concerns that Euro-Zone will unwind. During the current fiscal period, stabilization and growth is seen in the IT markets across the US leading to increased revenues. We expect the market conditions to improve, but rather slowly.

While I cannot say that the business conditions will revert to 2008-2009 levels, I can assure that we are not seeing further downward pressure on our business. This is indicated by increased offshore revenues of the Company.

We have used this period of tough market conditions to invest our time in our Intellectual Property and Clients. Steve Jeske and I continue to reach all our clients and reaffirmed CyberTech's commitment to them. We have also refocused our IP, Solutions and Offerings, which are sharpened around client needs of OpEx reduction and a Zero Risk approach.

Business operations:

Most of the focus of the company during the current fiscal year has been spent on strengthening our business in all core areas.

- **Development of Deeper Partner Alliances.** We have used the last one year to increase our strength beyond our direct client business by working on a deeper Alliances model. We have made substantial progress in our alliances with ESRI (www.esri.com), SAP (www.SAP.com) and Cisco Systems (www.Cisco.com). CyberTech is a Gold partner of ESRI. We are also working with Cisco Systems to help them in a variety of Public Safety and Service Provider markets.
- **Client Focus.** I and Steve have invested our time personally by traveling extensively, building client relationship and developing executive relationships. The US subsidiary continues to be our primary front end providing sales and client partner management thereby driving deeper offshore focus in our company.
- **Development of Company Intellectual Property.** We have made substantial progress in the area of IP Development and Solution building. We have won several Public Safety, Homeland Defense and Emergency Response implementations. Our GeoShield offering is being embraced by clients in US and India. We have also developed a SAP GIS Integration Architecture, CyberSERVE that has gained considerable market traction and excitement. We have started building several apps on mobile platforms and have a team dedicated to this effort.
- **Long Term Annuity Contracts.** I can state that 90% of the company's offshore contracts are long term annuity oriented. This gives us visibility of the pipeline and has reduced revenue risk. It is our preference to build this book of annuity contracts over lumpy project business.
- **India Business.** The Company has started winning several SAP and GIS projects in India. I expect this trend to continue leading to increased India revenues. We are targeting to grow Indian Domestic Business Operations to ₹ 300 Million in the next 18-24 months.

I have written for several years that one of my big focus areas was to resolve the complex income tax matter (10B applicability) that the company faced during 2002-03 timeframe. I am pleased to inform you that recently, the Mumbai Bench of the Income-tax Appellate Tribunal (the Tribunal), in the case of Cybertech Systems and Software Ltd held that customization of software amounts to 'production' of computer program and entitled for benefit under Section 10B of the Income-tax Act, 1961 (the Act). However, the Tribunal held that the interest income did not have direct nexus to the income derived by CyberTech from the business operations and therefore not liable for benefit available to Export Oriented Unit (EOU) under Section 10B of the Act. While this is good news and the company received refund order from the Income Tax, the Department is pursuing the same with superior courts. I cannot thank CyberTech's long list of well wishers that stood by the company during trying times to help us resolve this.

We continue to focus on the following long term objectives that I have laid out a few years back.

- Keep the company debt free
- Utilize the company's real estate assets to its fullest extent
- Continue to focus on off shore oriented annuity engagements
- Focus on business growth

Steven Jeske and I are fiscally conservative and consider CyberTech from a long term business holding perspective. As such the company is conservatively managed. The company's assets and liquidity, cash strength and zero debt give us great comfort during trying times.

Most of our India delivery leaders and many of the directors on the technical side of our business have all worked in the US for a decade. They understand US client needs and India delivery advantages. I take it as my primary goal for driving the sales and client satisfaction for the business.

I am pleased to inform you that your directors have recommended a dividend of ₹ one per share (10% of face value) for the sixth year in a row. We continue to enjoy the confidence of our customers resulting in opportunities that are adjacent in nature.

Business Outlook

As I write this letter, there is Euro-Zone panic and uncertainty of growth in India with high inflation. While everyone agrees that this time around it will not be as bad as 2009, the general consensus is that the Indian market conditions will be slow. As a small company, our focus is unchanged. We will continue to deliver SAP Stabilization and Support Services, Public Safety and GeoSpatial Platform development and leverage our expertise as a core GIS player. I expect our revenues to trend upward in FY13. We have reworked the overall company strategy focused around Cloud Services, Location Analytics and Mobile Solutions and I expect to see significant growth in the next 2-4 years, subject to market conditions supporting us.

We have recently named Mr. Raman Subramanian as the Executive Director for the Company. Raman has worked with me for over a decade and stands for high ethics, exceptional work commitment and team building. I am excited about his new leadership position in the company. I am grateful to our Sales, Delivery Leaders of the company for their unstinted support to our efforts to enhance shareholder value. Our employees are our biggest asset and I wish to record my sincere appreciation to their dedicated efforts.

The company adheres to high level of transparency and corporate governance. We have an eminent roster of Directors. I would like to thank my dedicated Board of Directors and our US Board representatives for their involvement, counsel and support. I thank Bansi S Mehta & Co, Chartered Accountants and Mr. Farook Irani Esq. for their valuable help. As always, I thank Mr. M.P. Bharucha of Bharucha & Partners for his friendship, help and counsel in many matters. I am grateful to Shri. B.V. Goud, Special Advisor to the Chairman for his substantial and tireless efforts to help our company. I thank all our clients for their continued support of your Company.

On behalf of the entire organization I thank you, my fellow shareholders, for your continued support.

With regards,

Viswanath Tadimety

REVIEW OF THE COMPANY'S STAND ALONE PERFORMANCE

The Company's primary focus continues to be delivering offshore development and support services in the Company's core technology areas as well as providing geospatial solutions to domestic customers. Additionally, the Company continues to receive income from certain unutilized office premises and income from investments.

The Company's performance for the year on standalone basis is as follows:

- Total revenue during the year 2011-12 amounted to ₹ **312.99** millions as compared to ₹ 242.91 millions during the previous year representing a growth of 28.85%. Total revenue is comprised of revenue from operations and other income, as follows.
 - Revenue from operations for the year ended March 31, 2012 amounted to ₹ **256.79** million as against ₹ 168.19 million for the previous year. Revenue increased by 52.68% primarily due to increase in offshore development and support business and also from domestic business in India.
 - Other Income amounted to ₹ **56.20** millions as against ₹ 74.72 millions. Other Income is lower on account of the termination or non renewal of contracts by tenants.
- During the year profit after tax amounted to ₹ **50.64** millions as against ₹ 47.60 millions in the previous year representing a growth of 6.39%.

REVIEW OF CONSOLIDATED PERFORMANCE

On a Consolidated basis, the Company reported total revenue of ₹ **573.58** millions during the year as compared to ₹ 462.68 millions during the previous year representing the growth of 23.96%.

CyberTech Systems and Software Limited

CyberTech is on the cusp of major growth. The Company has grown its GIS and India Business substantially over the few quarters. Several of the Application Maintenance projects are transformed into long term annuity projects. To allow the Company to continue this growing strategy, the top management of the Company has realigned the organization, established autonomy in the new business units and streamlined the business model.

The consolidated group continues to focus on delivering services to its identified market segments in its core technology areas. It continues to align its sales and delivery organizations to an offshore centric model.

CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements of the Company, including its wholly owned US subsidiary are prepared in accordance with Accounting Standard 21 (Consolidation of Accounts) as prescribed by the Institute of Chartered Accountants of India and in compliance with the terms of the listing agreement with the Stock Exchanges. Together, these comprise part of the Annual Report and Accounts. The summarized consolidated results are given alongside the financial results of your Company and are discussed in the accompanying Management Discussion and Analysis of Consolidated Results.

The Company owns a 100% interest in CyberTech Systems & Software incorporated on June 12, 2003 in the state of Delaware in the United States of America, whose results are consolidated herein.

CyberTech Systems & Software, Inc. (USA) reported an operating loss of ₹ **3.36** millions before interest, depreciation and tax on revenue of ₹ **493.92** millions. The net loss after tax aggregated to ₹ **7.80** millions compared to a net loss of ₹34.52 millions in the previous year.

In spite of economic recession in U.S.A., the Company is taking steps to increase the revenue of CyberTech Systems & Software, Inc. (USA) and the management is of the opinion that it will be able to wipe off the accumulated losses of CyberTech Systems & Software, Inc. (USA) in future.

SUBSIDIARY IN THE MIDDLE EAST

The Company is holding 55% interest in CyberTech Middle East W.L.L. (CME), its joint venture company in Bahrain formed in August 2008. There were differences between partners of CME. As the registered Director in Bahrain, the partner in the country of Bahrain is responsible for the operations of the subsidiary but the said partner has not provided any financial information for last two years. Hence, the Company is unable to consolidate the accounts of CME. The Company has filed a suit against the said partner with the authorities in the Kingdom of Bahrain in order to gain custodianship of CME among the various other issues. The investment made by the Company in CME has been fully provided for during the current year.

However, to comply with the Indian Laws, the Board felt that the Company should prepare the financials of CME based on the best estimates. Hence, the Company appointed M/s. Hemant Mahajan and Associates, Chartered Accountants as Auditors to Audit the Accounts of CyberTech Middle East W.L.L., Bahrain for the F.Y. 2010-11 and 2011-12.

SUBSIDIARY COMPANIES' ACCOUNTS

The statement required pursuant to section 212 of the Companies Act, 1956, containing details of the subsidiary, CyberTech Systems & Software Inc, USA is attached hereto.

BUSINESS OPERATIONS OVERVIEW AND OUTLOOK

The Company continues to focus on both Enterprise and Public Sector Clients in the area of SAP, GIS Technologies and Custom Technology applications. It maintains strong relationships and alliances with its partners such as SAP, CISCO and ESRI which will continue to lead to business and revenue growth and improve profitability with a continued focus on offshore revenue. Even though the market place in USA may recover slowly, the strong alliances are expected to help the Company to attain Business revenue growth and improve profitability with a continued focus on offshore revenue in future. Moreover our reworked Company strategy focussed around Cloud Services, Location Analytics and Mobile Solutions you can see a significant growth in the next 2-4 years, subject to market conditions.

Company also continues to build an effective portfolio of Intellectual Property for future monetization, collaboration and risk mitigation. In fiscal 2012 company focused on building and managing of IPs. Company emphasizes to its employees for collaborative efforts for creating Intellectual Property. IPs give multiple advantages like cost and time saving, technical edge, risk mitigation etc.

The Company continuously engages in customer focused innovation and launches new offerings that use technology to address its clients' business problems. To augment the growth CyberTech has successfully converted its various IPs into various light apps and hosted on www.appmaps.com.

The Company also continues to maintain its focus on its ESRI Alliance Partnership which has helped the Company in gaining a presence in the Geographic Information Systems (GIS) Practice. The Company is proud to be one of the ESRI's main partners and expects to continue to provide a variety of GIS services to its clients worldwide.

US Market conditions continue to grow at lower pace making it harder to locate new development opportunities and these actions do not forecast a quick turn around in the US Market. However the Company continues to take all reasonable steps as discussed to reduce and optimize costs to improve profitability. Focus remains on expanding the benefits from our alliance partners and creating offshore opportunities where relationships are of a long term nature and recurring services can be provided at a lower cost.

The spending for GIS Solutions are seeing a change in trend. The use of GIS in US as well as in Indian Market for solutions and service reaching out to end users seen an upward trend. The penetration of mobile networks and smart phones like Apple, iPhone and Android based phones help change the GIS usage across the world. The future of GIS is going to move our Enterprise space to retail / customers space during the coming years. With Cloud computing gaining momentum this will be a reality soon.

In view of the foregoing the Company is making all efforts to improve its top & bottom line in the ensuing year.

MANAGEMENT DISCUSSION AND ANALYSIS

The financial statements have been prepared in compliance with the requirements of the Companies Act, 1956 and Generally Accepted Accounting Principles (GAAP) in India. Management of CyberTech Systems and Software Limited (the "Company") accepts responsibility for the integrity and objectivity of these financial statements, as well as for the various estimates and judgments used in the preparation of the financial statements. These estimates and judgment have been made on a reasonable and prudent basis, so that the financial statements reflect the form and substance of transactions in true and fair manner, and showcase the state of affairs of the Company.

Results discussed herein include consolidated results for the Company, including its subsidiary in USA.

1. INDUSTRY OVERVIEW

Changing economic and business conditions and rapid technological innovation are creating an increasingly competitive market environment that is driving corporations to transform their operations. Consumers of products and services are increasingly demanding accelerated delivery times and lower prices. Companies are focusing on their core competencies and are using outsourced technology service providers to adequately address these needs. The role of technology has evolved from supporting corporations to transforming them. There is an increasing need for highly skilled technology professionals in the markets in which we operate. At the same time, corporations are reluctant to expand their internal IT departments and increase costs. These factors have increased corporations' reliance on their outsourced technology service providers and are expected to continue to drive future growth for outsourced technology services.

The Company has positioned itself well for this anticipated growth in business with an appropriate organization structure, capabilities and strategy.

Business Overview

CyberTech is a leading provider of next-generation geospatial, networking and enterprise IT solutions. The Company delivers its services primarily to customers in the USA and in India. It continues to focus on delivering its development and support projects on an offshore basis. As the bulk of its services are currently delivered in other countries, the Company remains subject to the effect of changes in the relative values of the respective country currencies.

Company's success stems from its strong technology and business partnerships with industry leaders like ESRI, SAP, CISCO and MICROSOFT. Company works strategically with its partners to deliver mission critical solutions for leading businesses and government establishments across the globe.

The Company has also invested its capital in its real estate holdings, its wholly owned subsidiary in the United States and in its joint venture company in the Middle East. The Company realizes rental income from its office premises.

Company Operations

CyberTech is a global information technology firm providing professional consulting services in the following practice areas:

- **SAP** - ERP application providers (including Implementation, Upgrade and Post Implementation Support Services)
- **Geographical Information Systems** - based on ESRI software technologies (Geo-database Creation, Municipal GIS Application Development, Enterprise GIS Application Development, Integration, Implementation Post Implementation Support)
- **Network Services** – based on Cisco Systems technologies (including planning and design services, public safety solutions, data center support and Cisco support services)
- **Custom Technologies** - including Microsoft, Oracle and IBM (Application Development, Integration and Maintenance)

The Company maintains Advanced Technology Centers ("ATC") for the training, development and support of SAP, ESRI, Cisco and Microsoft technologies. Operations of the Company are completely integrated with its subsidiaries. The Company performs delivery management including offshore development and support, finance and administrative functions for the consolidated group. CyberTech Systems and Software, Inc. (USA) (also known as "CSSI") is the wholly owned US subsidiary of the Company formed in June 2003. This Subsidiary focuses on customer facing and business development activities including pre-sales, marketing, sales and onsite project/program management activities. CSSI's focus is to sell both on-site and offshore Information Technology services in the practice areas mentioned above.

The Company is holding 55% interest in CyberTech Middle East W.L.L. (also known as "CME"), its joint venture company in Bahrain formed in August 2008 but due to the ongoing litigation between the partners of CyberTech Middle East W.L.L., Bahrain ("CME") the Company has filed a suit against its Joint Venture partner in the Country of Bahrain. As the registered director in Bahrain, the said partner is responsible for the operations of the subsidiary. However, he has not provided the financial information for the last year and the current year. Due to this the Company could not consolidate the accounts of CME. The Company has filed a suit in the Court of Bahrain to find a legal resolution

for all ongoing disputes and also to get custodianship of CME. In the mean time, to comply with the Indian Laws, the Board decided to prepare the Accounts of CME for F.Y. 2010-11 and F.Y. 2011-12 with available information and also with best estimates. However, the investment in the Company's books relating to CME have been fully provided for.

The Company's consolidated customer base can be classified into two groups:

Commercial Sector

This group includes all commercial organizations in the US and elsewhere. The Company targets the SME (small and medium sized businesses up to \$1B) market sector as well as Enterprise (Global) corporations. We believe this market holds significant potential for Company growth, largely driving offshore business for the company. This marketplace represents approximately 85% of the company's business.

Public Sector and Utility Companies

This includes national, state and local governments, non-profit entities and utility companies, primarily in the US. The Company has several large public sector and utility customers that comprise approximately 15 % of the Company's business. Although these services typically are not delivered in an offshore format, there is a significant market due to our experience and depth of expertise in areas useful to public sector and utility clients. Current market focus is to additionally deliver services in this segment in the domestic market as well as the Middle East.

STRATEGIC BUSINESS UNITS

CyberTech is on the cusp of major growth. The Company has grown its GIS and India Business substantially over the few quarters. Several of the Application Maintenance projects are transformed into long term annuity projects. To allow the Company to continue this evolution, the top management of the Company has realigned the organization, established autonomy in a few new business units and streamlined the business model.

The Company has recently structured around the Business Unit (BU) model. This has effect on our Sales and Delivery functions. Each BU has 6 distinct functions of Solution Engineering, Marketing, Sales, Sales Support, Delivery and Engagement Management. All the 6 functions have its specific KRAs. It serves a defined external market where management can conduct strategic planning in relation to products and markets. Heads of these SBUs will have full P&L responsibilities with direct management of Sales, Practice, and Delivery.

The new Organizational Development Structure will not only make CyberTech ready for its cusp growth but will indeed accelerate the rate of growth and help the Company to achieve newer horizons of success.

BRAND BUILDING

The Company undertook marketing initiatives to promote the CyberTech brand, and the brand promise of 'The Difference is Depth' to its clients. The Company participated in leading industry and business events around the world, reaffirming its commitment to delivering a complete brand and organizational experience. Apart from regular channels, CyberTech continues to invest in building the brand in the digital space using premium business and technology solutions through focused branded properties like 'www.appmaps.com'.

CyberTech continued to articulate the brand promise internally, using various channels and internal marketing assets and leveraged them to activate the brand amongst employees as well as other important stake holders.

TECHNOLOGY AND INNOVATION

CyberTech continues to invest in futuristic areas related to Geo-spatial, Networking, and Enterprise IT Solutions to make a difference to its customers and society. The Company's R&D center at Thane, India continuously strives to improve quality and efficiency of current offerings to customers and enable them prepare for future challenges.

Several of the R&D outcomes have been now moved to the mainstream business in form of solutions like 'GeoShield', 'GeoCivic' etc and in the form of frameworks e.g. 'Geo 2.0'.

INTELLECTUAL PROPERTY (IP)

Company continues to build an effective portfolio of Intellectual Property for future. In fiscal 2012 company focused on building and managing of IPs. Company emphasizes to its employees for collaborative creation of Intellectual Property. IPs gives multiple advantages like cost and time saving, technical edge, risk mitigation etc.

The Company continuously engages in customer focused innovation and launches new offerings that use technology to address its clients' business problems.

To augment the growth CyberTech has successfully converted its various IPs into various light apps and hosted on www.appmaps.com.

2. OPPORTUNITIES AND THREATS

Opportunities:

India has over the years developed a number of advantage factors contributing to its pre-eminent position. India is widely recognized as the premier destination for offshore technology services. According to the NASSCOM strategic 2012, IT services exports (excluding exports relating to Business Process Outsourcing (BPO), hardware, engineering, design and product development) from India are estimated to grow by 16.30% in fiscal 2012, to record revenues of US \$40 billion. There are several key factors contributing to the growth of IT and IT enabled services (ITES) in India by Indian companies. Some of these factors are high quality delivery, significant cost benefits and abundant skilled resources.

Information Technology support services remains an increasingly competitive business environment. With the change in emerging technology areas, companies have become dependent on technology not only for day-to-day operations, but also for the use of technology as a strategic tool to enable them to re-engineer business processes, restructure operations, ensure regulatory compliances, etc. As systems continually become more complex, companies increasingly turn to external IT services provider to develop & implement new technologies & integrate them with existing applications in which companies have made considerable prior investments. Additionally, many companies continue to explore methods to reduce their cost of IT operations. This provides an opportunity for providers to support and integrate company IT systems on an ongoing basis. The Indian IT Industry becomes a powerful tool used by companies to reduce their costs.

CyberTech has alliance partnerships with several leading technology companies in its practice areas including SAP, ESRI, Cisco and Microsoft. The company is well poised to take advantage of the new advanced technologies provided by these alliance partners. These technology alliance partners expect to see major technology opportunities for their customers in the United States.

CyberTech continues to focus as a priority on obtaining and providing offshore sourced services for its customers. Any increase in offshore related services should have the effect of increased company margins and profitability and increased longevity of business contracts. The Company intends to continue to grow its share in existing clients. This has the supplemental effect of reducing the cost of overhead and delivery cost.

Threats:

The economic uncertainty of the current worldwide markets makes the future less predictable than in the past due to the current demand environment. Worldwide IT spending growth has significantly reduced with budget cutbacks on IT spending by customers, buyers in "wait and watch" mode, government units significantly cutting budgets to match expected revenue shortfalls and delayed decision making. Reduction in new client additions, absence of large deals, vendor consolidation, downsizing for greater efficiencies and cost savings as well as pricing pressures in both onsite and offshore realization put greater pressures on revenues and margins in the last fiscal year and are expected to track lower for some time.

The US market is under increasing pressure from general economic conditions as growth diminishes. US spending on off-shoring services have slowed in the phase of these market conditions as well as the adoption of protectionist measures by policy makers. CyberTech is also subject to the threats of competing against much larger International IT service providers, the large global Indian IT service providers and more entrenched US and Global System integrators, many of which also provide services to established markets on an offshore basis. The good news is that, global outsourcing is expected to increase as focus on cost and 'value' increases with buyers stretching the dollar to include greater value delivery.

As with other Indian IT Services companies, other general threats to the business continue to include competition among Information and Technology units in India for talented people, which has resulted in rising employee compensation packages and shrinking margins available to IT Companies. We are also seeing a potential backlash in the US from the increasing loss of employment due to outsourced services overseas, resulting in an impact on the country's immigration enforcement procedures.

3. OUTLOOK AND RISKS

The Company maintains its focus on the Public sector and Enterprise SAP and GIS custom technology applications. It is expected that its strengthened relationships and alliances with partners such as SAP, Microsoft, IBM, and ESRI will continue to lead to business and revenue growth and increasing profitability with a continued focus on offshore revenue as and when the global market improves.

The company will continue to maintain its focus on its ESRI alliance partnership, which has helped in gaining a presence in the Geographic Information Systems (GIS) practice. The Company is proud to be one of ESRI's main offshore partners & expects to continue to provide offshore support from India to ESRI in building and supporting their applications.

The Company continues its focus aligning its sales and delivery structure to an Indian Model.

The Company has not kept up with industry growth trends, primarily due to decreased spending in the US public sector and a corresponding decrease in activity at several of our large clients. Additionally, the absorption of new customers in the targeted SAP small/medium client base has not grown as expected. US market conditions continue to soften making it harder to locate new development opportunities. The Company intends to continue to grow its offshore business while exploring new opportunities domestically and in adjacent markets, including new ventures in the Middle East and India domestically. New opportunities will focus on leveraging our US public sector expertise and delivering our market solutions and products to these markets. Companies continue to look for specialized expertise and cost saving methods, both of which are provided by the Company.

The Company's US subsidiary generated a loss after tax for the period. The Company has been impacted by the worldwide slowdown in discretionary IT spending which has impacted several of our targeted sectors. Due to this slowdown, our clients and many other companies are deferring the implementations of new systems and other discretionary spending. The new paradigm has become one of "reducing the total cost of ownership including the ongoing maintenance and support of IT systems". This has especially affected the SAP market with a significant drop in the sale of new SAP licenses in the current year and lowered expectations of the ongoing cost of maintaining systems. The Company has focused its efforts on driving cost effective support offerings resulting in improved offshore revenue while realizing a detriment to onsite business. This coupled with reduced spending in the public sector and increased pressure by the government to reduce the number of foreign IT workers has negatively impacted growth in the United States. These actions do not forecast a quick turnaround in the US market. The company continues to take all reasonable steps to reduce and optimize costs to improve profitability. Focus remains on expanding the benefits from our alliance partners and creating offshore opportunities where relationships are of a long term nature and recurring services can be provided at a lower cost.

Risks and Concerns:

In addition to those general risk items identified as "Threats" to the Company above, additional risks and concerns include, but are not limited to, the following:

- **Lack of diversification:**

The Company's potential for growth is driven by one market segment, namely IT services, with a focus on several technology areas. Company management has purposely remained focused in the near term as opposed to spreading its manpower too thin to achieve its goals. The Company is also taking measures to change the perspective from the pure service providers company to market "Product" and "IP"

- **Excessive dependence on one geographic segment:**

A large percentage of Company's revenue comes from USA heavy dependence on this one geographic segment could lead to volatility because of the economic and political situation there. The Company has forayed into the local Indian market apart from the operations established in Middle East.

- **Reliance on few customers for a significant amount of revenue:**

A significant portion of Company revenue is earned from few customers. In most of these cases, revenue and the relationship with these customers continues to grow and provide the opportunity for future growth; however, loss of one of these customers will have a significant impact on the Company.

- **Legal and Statutory Risks:**

The Company's international operations are subject to local market legal and statutory risks including compliance with local laws and regulations, one of which is compliance with immigration laws and regulations, which may change from time-to-time. Other risks include contractual risks when delivering complex technology solutions. As of the date of this report, the Company is not aware of any noncompliance with local laws or regulations that would have a material impact on the financial statements.

- **Loss of Rental Income:**

Rental income used to be a substantial component of the Company's profit and is generated from a limited number of parties on mainly short-term leases. Loss of one or more parties in the short term could have a significant impact on profitability.

- **Dispute with partner:**

The Company's litigation process against its joint venture partner in CyberTech Middle East W.L.L. Bahrain will reduce the short term opportunity for new business in the Middle East region.

- **Liquidity Risks:**

Company liquidity is dependent on timely collection of its accounts and continued growth in its business. Based on the utilization of available real estate assets, and the growth in business operations coupled with cost controls, the Company expects to continue to have adequate liquidity in the near term. The Company believes it has adequate and dependable resources to meet its liquidity needs, including the ability to raise short term debt, and manage the ongoing mismatched cash flows inherent in a consulting business.

- **Risk of attracting and retaining of IT Professionals in a highly competitive environment:**

In the IT services industry, people are the most valuable assets. Attrition of the key technical talent is one of the major risks. The Company reviews its compensation policies regularly to determine that compensation is competitive with the market conditions. The Company also determines that there is a defined career path for all employees and the work environment provided to all employees is of very high standard.

- **Cost Management:**

The major cost factor in IT business is linked to manpower cost. The persistent inflation in India raises risk of growing employee cost as well as related infrastructure cost. The increasing competition and talent acquisition cost will have impact on margins as the growth rate in revenue and cost will have mismatch. The Company continues to explore options to manage the cost through improving its ability to source favorable cost talents, capacity utilization and remain focus on reusability of available talent.

- **Currency Risk:**

The changes in currency rate between Indian Rupees and US dollars have been a major cause of concern. The fluctuation of rates coupled with the shocks emerging from various parts of the world relating to the economic meltdown has increased the currency risk. The Company has tried to protect itself through various measures using available financial instruments from time to time.

- **Pending disputed tax matters:**

Income Tax department filed an appeal with High Court, Mumbai against the ITAT order giving relief U/S 10 B of the Income Tax Act. The Company is taking all necessary steps to represent the Company's stand which is already upheld by ITAT.

The Company may from time to time make additional forward looking statements, estimates and reports to its shareholders. Actual events and results may differ.

4. INTERNAL CONTROL SYSTEM & THEIR ADEQUACY

The Company strictly adheres to the internal control systems proven to be effective over the years. The internal audit team carries out extensive audit on all operations at regular intervals. The company implements the policies and procedures so as to safeguard the assets and interests of the Company.

The internal control systems are implemented with a view to achieve good ethical culture within the organization. The internal control systems would ensure that any vulnerability in the achievement of company's objectives caused by risk factors whether internal or external, existing or emerging, is detected and reported in a timely manner and is meted out with appropriate corrective action. Strong internal controls minimize the risk of frauds by introducing effective checks and balances into the financial system.

5. FINANCIAL CONDITION

Your company had consolidated revenues of ₹ 57.36 crores and ₹ 4.82 crores net income in the current year. We expect to achieve significant growth in revenue and net income in the coming year.

The financial health of your company indicates adequate and sustainable financial resources to meet with the needs of its business. The Company has no debt to service and is currently generating positive cash flow from its business. During the year your Company has received a favourable order from Income Tax Appellate Tribunal (ITAT) in respect of A.Y. 1997-98 to A.Y. 1999-00 wherein 10B exemption has been allowed for the Income from business operations. However, as the Income Tax department has filed an appeal with the High Court, Mumbai the company has not reversed the provision for taxation of approximately ₹ 12.20 Cr in the Company's books of accounts.

The Company and/or its wholly owned subsidiary have:

- Generated cash from its business
- Gained more productivity from its assets and properties
- Successfully resolved some of its income tax disputes and
- Maintained its current dividend level

The Company believes it has adequate and dependable resources to meet its liquidity needs, including the ability to raise short term debt, and manage the ongoing mismatched cash flows inherent in consulting business.

6. HUMAN RESOURCES

The Company not only provides a safe & healthy working environment to all its employees but also emphasizes to create an environment where performance is rewarded, individuals are respected and employees get opportunities to realize their potential. Our focus is to develop individual and team competencies and capabilities for driving operational excellence and building a high performance organization. Hence our Talent Management program is focused on Talent Acquisition, Development and Retention. The Company regularly reviews the performance of its employees and provides them job enrichment opportunities. The Company has a Stock Options Plan for eligible Employees / Directors. The Company has been successful in building a performance driven culture through a systematic performance appraisal process influencing total compensation. Head count stands at 340 full time employees as at the end of the FY2012.

CyberTech Management and Leadership Program

The Company holds regular programs to develop team spirit and to motivate its employees to perform better. The company has launched a CyberTech Management Leadership Program.

The objective of the CML program is to select, recruit and groom young leaders and next generation managers of CyberTech. The program will:

- provide CML managers opportunities for professional growth within CyberTech.
- groom, develop and build CML alumni as key managers and leaders of the Company.
- tap their energy and vast potential to support growth of CyberTech as an organization.
- take Leadership roles in CyberTech's core IT business units, Financial, Real Estate and Human Capital management

7. CAUTIONARY STATEMENT

Statements in this Management Discussion & Analysis Report describing the Company's objectives, projections, estimates, expectations or projections may be 'forward looking statements'. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic developments, particularly in the USA, & improvements in the state of Information Technology Services markets, changes in the Government regulations in India & USA, tax laws & other incidental factors.

AUDITORS' REPORT

**To The Members
CyberTech Systems and Software Limited**

1. We have audited the attached Balance Sheet of **CyberTech Systems and Software Limited** as at **31st March, 2012**, the Statement of Profit and Loss annexed thereto and also the Cash Flow Statement for the year ended on that date. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.
3. As required by the Companies (Auditor's Report) Order, 2003 issued by the Central Government of India in terms of sub-section (4A) of Section 227 of the Companies Act, 1956 (hereinafter referred to as the "Act"), we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order, to the extent applicable.
4. Further to our comments in the Annexure referred to in paragraph 3 above, we report that:
 - (a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;

ANNEXURE REFERRED TO IN PARAGRAPH 3 OF AUDITORS' REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2012 OF CYBERTECH SYSTEMS AND SOFTWARE LIMITED

On the basis of such checks as we considered appropriate and according to the information and explanations given to us during the course of audit, we state that:

1. a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- b) All the fixed assets have been physically verified by the management at regular intervals, which is reasonable considering the size and nature of its business. No discrepancies were noticed on such verification.
- c) No substantial part of the fixed assets has been disposed off by the Company during the year.
2. The Company being a service company primarily engaged in the business of Information Technology Services, it does not hold any physical inventories. Accordingly, the provisions of clause 4(ii) of the Order are not applicable to the Company.
3. The Company has not granted / taken any loans, secured or unsecured, to/from companies, firms or other parties covered in the register maintained under Section 301 of the Act.
4. In our opinion, having regard to the explanations that some of the items are of special nature and suitable alternative source does not exist for obtaining comparable quotations, there is an adequate internal control system commensurate with the size of the Company and the nature of its business with regard to purchase of fixed assets and the sales of services. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in these internal control systems.
5. The contracts or arrangements that need to be entered into the register maintained under Section 301 of the Act have been so entered. In our opinion, having regards to our comment in para 4 above, the contracts for sale of services entered in the register maintained under Section 301 of the Act and aggregating during the year to ₹ 500,000 or more in respect of each party have been made at price which are reasonable having regard to the prevailing market prices at the relevant time.
6. The Company has not accepted any deposits within the meaning of the Section 58A, 58AA or any other relevant provisions of the Act and the Rules framed there under. No order has been issued by the Company Law Board on the Company.
7. The Company has an adequate internal audit system commensurate with the size and nature of its business.
8. According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under Section 209(1) (d) of the Act in respect of service/activities carried out by the Company.
9. a) According to the information and explanations given to us and records examined, the Company is generally regular in depositing undisputed statutory dues including Provident Fund, Investors Education and Protection Fund, Employees' State Insurance, Income Tax, Wealth Tax, Sales Tax, Service Tax, Customs Duty, Cess and other material statutory dues with the appropriate authorities, to the extent applicable. Further, there are no undisputed amounts payable in respect of such statutory dues which have remained outstanding as at 31st March, 2012 for a period of more than six months from the date they became payable except ₹ 61,283 towards Service tax liability.
- b) According to the information and explanations given to us, there are no dues in respect of sales tax/ income-tax/ custom duty/ wealth-tax/ service tax/ excise duty/ cess which have not been deposited on account of any dispute, *except as under:*

Nature of dues	Period to which the amount relates	Amount (₹ in lacs)	Forum where dispute is pending

Service Tax	A.Y. 1998-00 to 2003-04	66.07*	Assistant Commissioner, Service Tax

* stay granted until the pendency/ disposal of appeal.

10. The Company does not have accumulated losses as at 31st March, 2012 and it has not incurred any cash losses in the financial year ended on that date or in the immediately preceding financial year.
11. The Company has not taken any loans from financial institutions or banks. Accordingly, the provisions of clause 4(xi) of the Order are not applicable to the Company.

17th Annual Report 2011-2012

12. The Company has not granted loans and advances on the basis of security by way of pledge of shares, debentures and other securities.
13. In our opinion and according to the information and explanations given to us, the Company is not a nidhi / mutual benefit fund/ society. Accordingly, the provisions of clause 4(xiii) of the Order are not applicable to the Company.
14. The Company is not a dealer or trader in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4(xiv) of the Order are not applicable to the Company.
15. In our opinion and according to the information and explanations given to us, the Company has not given any guarantee for loans taken by others from banks or financial institutions. Accordingly, the provisions of clause 4(xv) of the Order are not applicable to the Company.
16. According to the information and explanations given to us, the Company has not availed any term loan. Accordingly, the provisions of clause 4(xvi) of the Order are not applicable to the Company.
17. According to the information and explanations given to us and on an overall examination of the balance sheet and cash flow statement of the Company, in our opinion, the funds raised on short term basis by the Company have not been used for long term purposes.
18. During the year, the Company has not made any preferential allotment of shares to parties and companies covered in the register maintained under Section 301 of the Act. Accordingly, the provisions of clause 4(xviii) of the Order are not applicable to the Company.
19. The Company has not issued any debentures during the year or in the recent past. Accordingly, the provisions of clause 4(xix) of the Order are not applicable to the Company.
20. The Company has not raised any money by way of public issue during the year or in the recent past. Accordingly, the provisions of clause 4(xx) of the Order are not applicable to the Company.
21. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the Company, noticed or reported during the year, nor have we been informed of such case by the management.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2012

Company Overview

CyberTech Systems and Software Limited (referred to as the 'Company') is an Information Technology service provider, delivering its services to customers primarily in the USA, India and Middle East with focus on several core software technology applications including SAP's Enterprise Suite and ESRI's Geographical Information Systems('GIS') as well as Network Planning and Design and Custom Software Application Development. The Company continues to focus on delivering its development and support projects on an offshore basis.

Note '1'

SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements are prepared on the basis of the historical cost convention, in accordance with the applicable accounting standards prescribed by the Companies (Accounting Standards) Rules, 2006 (*as amended*) and relevant provisions of the Companies Act, 1956 and on the principles of a going concern. All expenses and income to the extent ascertainable with reasonable certainty are accounted for on accrual basis.

Use of estimates

The preparation of financial statements in conformity with Indian Generally Accepted Accounting Principles (GAAP) and Accounting Standards (AS) require the management to make estimates and assumptions that affect the reported income and expenses during the reported period and the reported amounts of assets and liabilities and disclosure of contingent liabilities as of the date of the financial statements. The recognition, measurement, classification or disclosure of an item or information in the financial statements has been made relying on these estimates. Actual results may differ from these estimates. Any revision to the accounting estimates is recognized prospectively.

Revenue Recognition

Income from software development, consulting and customer support services are recognized as and when rendered in accordance with the terms of the contract.

Revenue from fixed price contracts with milestone billings and fixed time frame contracts are recognized as per the proportionate completion method.

Unbilled Revenues

Revenue recognized over and above the billings on a customer is classified as "unbilled revenue".

Fixed Assets and Depreciation / Amortisation

Fixed assets are stated at cost of acquisition less accumulated depreciation.

Leasehold land is amortised over the balance period of lease since acquisition.

Depreciation is provided on straight-line method at the rates and in the manner specified in Schedule XIV to the Companies Act, 1956, except in respect of Computers and other related assets which are depreciated over estimated useful life of four years as against life of six years prescribed under the said Schedule.

Intangible assets are amortised over a period of four years.

At each balance sheet date, the Company assesses whether there is any indication that any assets may be impaired. If any such indication exists, the carrying value of such assets is reduced to its recoverable amount and the amount of such impairment loss is charged to Statement of Profit and Loss. If, at the balance sheet date, there is any indication that a previously assessed impairment loss no longer exists, then such loss is reversed and asset is restated to that effect.

Investments

Long-term investments are valued at cost. However, provision for diminution in the value of such investments, other than temporary, is made to recognize a decline on individual investment basis. Current investments are stated at the lower of cost and fair value.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2012**Foreign Currency Transactions**

- a) Transactions in foreign currency are accounted at the exchange rates prevailing on the date of the transaction. Gains and losses arising out of subsequent fluctuations are accounted for on actual payment / realisation. Gains / losses, if any, at the year end on account of restatement of the monetary assets and liabilities, denominated in foreign currency are dealt with in the Statement of Profit and loss.
- b) In case of forward exchange contracts, the premium is amortised over the period of the contract. Any profit or loss arising on the cancellation or renewal of a forward exchange contract is recognized as income or expense for the year.

Employee Benefits

- a) Short-term employee benefits :

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, performance incentives, etc. are recognized at actual amounts due in the period in which the employee renders the related service.

- b) Post-employment benefits:

- i) Defined Contribution Plans:

Payment made to defined contribution plans such as Provident Fund are charged as an expense as they fall due.

- ii) Defined Benefit Plans:

The cost of providing defined benefits i.e gratuity is determined using the Projected Unit Credit Method with actuarial valuations carried out at the balance sheet date. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss.

- iii) Other long-term employee benefits :

Other long-term employee benefits viz. leave entitlement is recognised as an expense in the Statement of Profit and Loss as and when they accrue. The Company determines the liability using the Projected Unit Credit Method with actuarial valuations carried out as at the balance sheet date. Actuarial gains and losses in respect of such benefits are charged to the Statement of Profit and Loss.

Taxation

Provision for current income tax is made on the basis of the estimated taxable income for the current accounting year in accordance with the Income-tax Act, 1961.

Minimum Alternate Tax (MAT) credit asset is recognized and carried forward only if there is a reasonable certainty of it being set off against regular tax payable within the stipulated statutory period.

Deferred tax assets are recognized only to the extent that there is reasonable certainty that the assets can be realized in future. However, where there is unabsorbed depreciation or carry forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed at each balance sheet date and written down or written up to reflect the amount that is reasonably / virtually certain, as the case may be, to be realized.

Borrowing costs

Borrowing costs directly attributable to acquisition, construction and production of qualifying assets are capitalised as a part of the cost of such asset upto the date of completion. Other borrowing costs are charged to the Statement of Profit and Loss

Provisions, contingent liabilities and contingent assets

A provision is made based on reliable estimate when it is possible that an outflow of resources embodying economic benefit will be required to settle an obligation. Contingent liabilities, unless the possibility of outflow of resources embodying economic benefit is remote, are disclosed by way of notes to accounts. Contingent assets are not recognized or disclosed in the financial statements.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2012**Note '24'****Employees Stock Option Plan (ESOP)**

The Company's Employees' Stock Option Scheme-2007, provides for issue of equity option in each financial year up to 5% (Previous year 5%) of the outstanding fully paid-up equity capital of the Company as on March 31, 2007 on to eligible employees, and the carry forward of un-allotted options in each of the financial years to the subsequent financial years for grant, in aggregate not exceeding **9,264,970 shares** (Previous year 9,264,970 shares). The scheme covers directors and the employees of the subsidiaries, apart from the employees and directors of the Company except directors/employees belonging to promoter group. The options vest in a phased manner over four years with 25% of the grants vesting at the end of each year from the date of grant and the same can be exercised within seven years from the date of the grant at the market price as on the date of the grant. One option is equal to one equity share.

Fair Value methodology for the option:

The fair value of options used to compute net income and earnings per equity share have been estimated on the dates of each grant within the range of ₹7.55 to ₹22.90 using the Black-Scholes pricing model. The Company estimated the volatility based on the historical share prices. The various assumptions considered in the pricing model for the options granted under ESOP are:

	March 31, 2012	March 31, 2011
Dividend yield	0-10%	0-10%
Expected volatility	10%-20%	10%-20%
Risk-free interest rate	6.46% - 6.65%	6.46% - 6.65%
Expected life of option	0 - 7 yrs	0 - 7 yrs

Impact of Fair value method on Net Profit and EPS

Had the compensation cost for the Company's Stock Option Plan outstanding been determined based on the fair value approach, the Company's net profit income and earnings per share would have been, as indicated below:

	For the Year ended March 31, 2012 ₹	For the Year ended March 31, 2011 ₹
Profit attributable to Equity Shareholders	50,641,079	47,600,129

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2012

Note '29'

During the Year the Company has received a favourable order from Income Tax Appellate Tribunal (ITAT) in respect of AY1997-98 to AY 1999-00 wherein exemption u/s 10B of the Income Tax Act 1961 has been allowed for the Income from Business Operations. However, the order giving effect to the ITAT Order is not yet received and also considering the chances of Income Tax Department filing higher appeals with the High Court, the Company has not reversed the provision for taxation of approximately ₹ 12.20 Crores and also not recognised the interest receivable on the said amount.

Note '30'

In the opinion of the Board, assets other than fixed assets and non current investments have a value on realisation in the ordinary course of business atleast equal to the amount at which they are stated. Provision for depreciation and all known liabilities is adequate and not in excess of the amount reasonably necessary.

Note '31'

The accounts of certain Banks, Trade Receivables, Trade Payables and Loans and Advances, are subject to formal confirmation/ reconciliation and adjustments, if any. The Management does not expect any material difference affecting the current year's financial statements.

AUDITORS' REPORT

To The Board of Directors

CyberTech Systems and Software Limited

1. We have audited the attached Consolidated Balance Sheet of **CyberTech Systems and Software Limited** and its subsidiaries (collectively referred as "the Group") as at 31st March, 2012 and also, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.
2. We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.
3. *The Company has not consolidated the accounts of CyberTech Middle East W.L.L., (Bahrain), a subsidiary company, in these financial statements for the reason mentioned in Note No. 23.*
4. *Subject to what is stated in para 3 above, we report that the consolidated financial statements have been prepared by the Company in accordance with the requirements of the Accounting Standard (AS) 21 Consolidated Financial Statements prescribed by the Companies (Accounting Standards) Rules, 2006.*
5. Based on our audit and to the best of our information and according to the explanations given to us, we are of the opinion that the attached consolidated financial statements, *subject to what is stated in para 3 above having consequential impact on assets, liabilities, reserves and surplus as at the close of the year and profit for the year, which is presently not ascertained* and read together with the accompanying notes, give a true and fair view in conformity with the accounting principles generally accepted in India:
 - i) in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at 31st March, 2012;
 - ii) in the case of the Consolidated Statement of Profit and Loss, of the profit of the Group for the year ended as on that date; and
 - iii) in the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2012

Note '1'

SIGNIFICANT ACCOUNTING POLICIES:

A. Basis of preparation:

The Consolidated Financial Statements are prepared in accordance with Accounting Standard 21 "Consolidated Financial Statements" prescribed by the Companies (Accounting Standards) Rules, 2006 (*as amended*).

B. Principles of Consolidation:

- (a) The Consolidated Financial Statements (CFS) comprise the financial statements of the holding Company, CyberTech Systems & Software Limited and its subsidiaries which are as under:

Name of the Subsidiary Company	Country of Incorporation	Proportion of ownership interest
CyberTech Systems & Software Inc. (CSSI)	U.S.A.	100 %
CyberTech Middle East WLL, Bahrain (CME) #	Kingdom of Bahrain	55 %

Refer Note No. 23

- (b) The Consolidated Financial Statements have been prepared using uniform accounting policies, in accordance with the generally accepted accounting policies except for amortization of Goodwill in the books of its wholly owned subsidiary where the Goodwill has been amortised over a period of 10 years as against the policy adopted by Holding Company to amortise Goodwill over a period of 5 years.
- (c) The effect of intra group transactions between CyberTech Systems & Software Limited and its subsidiaries are eliminated in consolidation.
- (d) For significant accounting policies followed, refer Note no.1 of the Holding Company's audited financial statements.

C. Foreign Subsidiaries :

CyberTech Systems & Software Inc., USA has been considered as non-integral and accordingly all assets and liabilities, both monetary and non-monetary, are translated at the closing rate while the income and expenses are translated at the average rate for the year. The resulting exchange differences have been accumulated in the Foreign Currency Translation Reserve.

 - iii) Other Income Tax proceedings in respect of earlier years decided in the Company's favour by the Appellate Authorities against which the Department is in further appeals excluding further interest liability, if any : ₹ **3,769,968** (Previous year ₹. 3,769,968)
- b) Disputed Service Tax Matters ₹ **6,607,614** (Previous year ₹6,607,614)

(B) Commitments:

Estimated amount of contracts remaining to be executed on capital account and not provided for: ₹ **19,839,521** (Previous year Nil)

Note : '31'

During the year the Holding Company has received a favourable order from Income Tax Appellate Tribunal (ITAT) in respect of AY1997-98 to AY1999-00 wherein 10B exemption has been allowed for the Income from Business Operations. However the order giving effect to the ITAT Order is not yet received and also considering the chances of Income Tax Department filing higher appeals with the High Court, the Company has not reversed the provision for taxation of approximately ₹12.20 Crores and also not recognised the interest receivable on the said amount.

Note : '32'

In the opinion of the Board, assets other than fixed assets have a value on realisation in the ordinary course of business at least equal to the amount at which they are stated. Provision for depreciation and all known liabilities is adequate and not in excess of the amount reasonably necessary.

Note : '33'

The accounts of certain Banks, Trade Receivables, Trade Payables and Loans and Advances, are subject to formal confirmation/reconciliation and adjustments, if any. The Management does not expect any material difference affecting the current year's consolidated financial statements.

Note : '34'

In the current year, financial statements have been prepared as per Revised Schedule VI, previous years' figures have been re-grouped/re-arranged, wherever necessary, to conform to the current year's classification/presentation.

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2012

Note '1'

SIGNIFICANT ACCOUNTING POLICIES:

General

The financial statements are prepared on the basis of the historical cost convention, in accordance with the applicable accounting standards and on the principles of a going concern. All expenses and income to the extent ascertainable with reasonable certainty are accounted for on accrual basis.

Use of estimates

The preparation of financial statements in conformity with Indian Generally Accepted Accounting Principles (GAAP) and Accounting Standards (AS) require the management to make estimates and assumptions that affect the reported income and expenses during the reported period and the reported amounts of assets and liabilities and disclosure of contingent liabilities as of the date of the financial statements. The recognition, measurement, classification or disclosure of an item or information in the financial statements has been made relying on these estimates. Actual results may differ from these estimates. Any revision to the accounting estimates is recognized prospectively.

Revenue Recognition

Income from software development, customer support services and Consulting are recognised in accordance with the terms of contract. Revenue from fixed price contracts with milestone billings and fixed time frame contracts are recognized as per the proportionate completion method.

Fixed Assets and Depreciation / Amortisation

Fixed assets are stated at cost of acquisition less accumulated depreciation/amortisation. Depreciation/amortisation is provided using the straight-line method over the estimated useful life as under :

Description of Assets	Estimated useful life
Computers	3 years
Furniture & Fixtures	3 years
Plant & Machineries	5 years
Goodwill *	10 years

* Note :

Goodwill arising on purchase of business by the Company (representing the cost of business acquisition in excess of the fair value assigned to the net tangible assets acquired).

The company assesses at each balance sheet date whether there is any indication that any assets may be impaired. If any such indication exists, the carrying value of such assets is reduced to its recoverable amount and the amount of such impairment loss is charged to profit and loss account. If at the balance sheet date, there is any indication that a previously assessed impairment loss no longer exists, then such loss is reversed and asset is restated to that effect.

Taxation

Provision for tax is made on the basis of the estimated taxable income for the current accounting year in accordance with the relevant Income Tax laws of United States of America. The deferred tax for timing difference is accounted for, based on the tax rules and laws that have been substantively enacted as of the Balance Sheet date. Deferred tax assets arising out from the timing differences are recognized to the extent there is virtual/reasonable certainty that these would be realized in future.

Borrowing Costs

Borrowing costs directly attributable to acquisition, construction and production of qualifying assets are capitalized as a part of the cost of such asset up to the date of completion. Other borrowing costs are charged to the Statement of Profit and Loss.

Provisions, contingent liabilities and contingent assets

A provision is made based on reliable estimate when it is possible that an outflow of resources embodying economic benefit will be required to settle an obligation. Contingent liabilities, unless the possibility of outflow of resources embodying economic benefit is remote, are disclosed by way of notes to accounts. Contingent assets are not recognized or disclosed in the financial statement.

Foreign currency translation:

All assets and liabilities, both monetary and non-monetary, are translated at the closing rate while the income and expenses are translated at the average rate for the year. The resulting exchange differences have been accumulated in the Foreign Currency Translation Reserve.

Audit Report 2012

To,

The Members of CyberTech Middle East W.L.L

We have audited the attached Balance Sheet of CyberTech Middle East W.L.L as on 31st March 2012 and also the Statement of Profit and Loss for the year ended on that date annexed thereto. These financial statements are the responsibility of the Company's Management. Our responsibility is to express an opinion on these financial statements based on our audit.

Directors' Responsibility for the Financial Statements

The directors of the Company are responsible for the preparation and fair presentation of these financial statements in accordance with Indian GAAP. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

We conducted our audit in accordance with auditing standards generally accepted in India. Those Standards require that we plan and perform the audit to obtain the reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Basis for Disclaimer of Opinion

1. As disclosed in Note 1 to the financial statements, the accounting records of the Company are under the control of the registered director nominated by the JV partner, with whom the holding company has a dispute. The registered director is not an affiliated party with CyberTech Systems and Software Limited, the holding company. In consequence, those records are not available to the holding company. The holding company attempted to reconstruct the Company's accounting records based on information and documents available to them and also based on the best estimates made by the directors representing CSSL, in situations that such estimates are required to be made. The Company's financial statements produced using this basis has been provided to us for audit.
2. We were unable to obtain sufficient and appropriate audit evidence as to the balances of trade & other payables and borrowings of the Company due to lack of supporting documentary evidence made available to us for our verification due to the matters mentioned in paragraph 1 above.
3. As disclosed in Note 4 the financial statements, the Company reported a total borrowings of BHD 3,467 (2011 – BHD 3,467) as on 21st July 2010, the last date for which bank statements are available with the holding company. This borrowing is with respect to a car loan taken by the company, In absence of any additional information, We are therefore unable to satisfy ourselves that the total bank borrowings and the relevant liabilities reflected in the financial statements are fairly stated.
4. To date of this report, we have not received replies from the bankers to the company, to our letters requesting these banks to confirm the bank balances and any related liabilities (including contingent liabilities, if any). There were no other alternative means for us to carry out the relevant verification work to confirm the completeness of bank balances recorded in the financial statements and any related liabilities or contingent liabilities of the Company.
5. Due to the matters highlighted in paragraphs 1 to 4, we are unable to satisfy ourselves that all the relevant payables, and their related disclosure notes have been included in the financial statements of the Company and disclosed accordingly.
6. The evidence available to us to confirm the appropriateness of preparing the financial statements on the going concern basis was inadequate. As a result, and in the absence of any alternative evidence available to us, we are unable to form an opinion as to whether the financial statements which have been prepared on the accounting principles applicable to a going concern, gives a true and fair view of the financial position of the Company as at 31st March 2012, and of the results of the operations, the cash flows for the financial year ended on that date.

7. We have expressed a disclaimer of report opinion in our audit report in respect of our audit of the previous financial year's financial statements because of similar matters described in paragraphs 1 to 6 above.

Disclaimer of Opinion

Because of the matters described in the Basis for Disclaimer Opinion paragraphs above, we are unable to form an opinion as to the appropriateness of the financial statements as on 31st March 2012 and of its financial performance and cash flows for the year then ended in accordance with the Indian GAAP which were prepared on going concern basis.

This report is made solely to CSSL, the holding company, as a body, in accordance with Indian GAAP solely for the purpose of enabling the holding company to comply with Indian Laws and for no other purpose. We do not assume responsibility to any other person for the content of this report.

CYBERTECH MIDDLE EAST W.L.L., BAHRAIN

NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2012

1.1 BACKGROUND

CYBERTECH MIDDLE EAST W.L.L (CME), is a limited liability company registered with the Directorate of Commerce and Company Affairs of the Kingdom of Bahrain on 14/08/2008. The registered address of the company is Flat No 51, Building no 580, Road no 1706, Block 317, City Manama/DIPL Area. The certificate of registration was initially valid up to 14/08/2009 and renewable thereafter. The company is a joint venture between CyberTech Systems and Software Limited (CSSL), a company incorporated in India and Gold Coastway Ltd a company registered in England. With CSSL holding 55% shares in the venture the balance 45% being held by Gold Coastway Ltd. The registered director, as required under applicable laws in the country of Bahrain was the nominee director from Gold Coastway Ltd. He was responsible for the operations of CME and had control over the day to day activities of the company, including operation of bank accounts, control over assets and books of account. After a dispute arose among the JV partners, the nominee director has stopped providing information including information regarding the books of accounts and financial transactions of CME. CSSL has filed an action against the JV partner with the relevant authorities in the Kingdom of Bahrain to gain custodianship of the company among the various other issues. These matters are still under dispute.

Inconsequence, CSSL has no access to the books of accounts, as of date of preparation of these financials. The holding company has attempted to reconstruct the Company's accounting records based on information and documents available to them and also based on the best estimates made by the directors representing CSSL in the JV, in situations that such estimates are required to be made.

1.2 SIGNIFICANT ACCOUNTING POLICIES:

General:

The financial statements are prepared on the basis of the historical cost convention, in accordance with the applicable accounting standards and on the principles of a going concern. All expenses and income to the extent ascertainable with reasonable certainty are accounted for on accrual basis.

Use of estimates:

The preparation of financial statements in conformity with Indian Generally Accepted Accounting Principles (GAAP) requires the management to make estimates and assumptions that affect the reported income and expenses and disclosure of contingent liabilities. The recognition, measurement, classification or disclosures of an item or information in the financial statements have been made relying on these estimates. Actual results may differ from these estimates. Any revision to the accounting estimates is recognized prospectively.

Revenue Recognition:

Income from software development, customer support services and Consulting are recognised in accordance with the terms of contract.

Revenue from fixed price contracts with milestone billings and fixed time frame contracts are recognized as per the proportionate completion method.

Fixed Assets and Depreciation / Amortisation:

Fixed assets are stated at cost of acquisition less accumulated depreciation/amortisation. Depreciation/amortisation is provided using the straight-line method over the estimated useful life as under :

Description of Assets	Estimated useful life
Computers	5 years
Equipments	5 years
Vehicles	5 years
Furniture & Fixtures	10 years

The company assesses at each balance sheet date whether there is any indication that any assets may be impaired. If any such indication exists, the carrying value of such assets is reduced to its recoverable amount and the amount of such impairment loss is charged to profit and loss account. If at the balance sheet date, there is any indication that a previously assessed impairment loss no longer exists, then such loss is reversed and asset is restated to that effect.

CYBERTECH MIDDLE EAST W.L.L., BAHRAIN
NOTES TO FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2012

Taxation:

Provision for tax is made on the basis of the estimated taxable income for the current accounting year in accordance with the relevant Income Tax laws of Kingdom of Bahrain. The deferred tax for timing difference is accounted for, based on the tax rules and laws that have been substantively enacted as of the Balance Sheet date. Deferred tax assets arising out from the timing differences are recognized to the extent there is virtual/reasonable certainty that these would be realized in future.

Provisions, contingent liabilities and contingent assets:

A provision is made based on reliable estimate when it is possible that an outflow of resources embodying economic benefit will be required to settle an obligation. Contingent liabilities, unless the possibility of outflow of resources embodying economic benefit is remote, are disclosed by way of notes to accounts. Contingent assets are not recognized or disclosed in the financial statement.

1.3 NOTES ON ACCOUNTS:

1. General:

The accounts have been prepared based on the basis of bank statements available with the company up to 21st July 2010 and expense statements up to 31st December 2010. The accounts have been frozen at that date and balances carried forward. CSSL has made a best effort to obtain information from external affected parties. However CSSL was not successful in the effort. Hence the balances reflecting in the financial statements are subject to verification and confirmation. Balance in Bank accounts (BHD 22,339) is the closing balance as on 21st July 2010, the last date for which bank statements are available with the CSSL. CSSL as a majority partner in the JV had requested the relevant banks for statements for the balance period. However, a reply from the bank in response to the requests is yet to be received. Unbilled revenue shown under other current assets (BHD 16,200) is as on 31st July 2012. It is considered good and receivable. Trade Receivables (BHD 192,516), Advance to suppliers (BHD 12,300), Trade Payables (BHD 237,620) and Vehicle Loan from Bank (BHD 3,467) is as on 21st July 2010. These are subject confirmation and there might be a material change at time of confirmation.
